TERRACRETA SERIES

The Terracreta series explores the highly contemporary appeal of clay, combined with the use of ancient craftsmanship techniques.

The range consists of three plain colours suitable for use internally and externally on walls or floors, with a P5 slip resistance. They have raised and irregular edges for a realistic handmade look.

It is complimented by two decorative feature patterns suitable for walls – Lines, with its lineal carved pattern and Scallop, with its contrast repetitive circular pattern. Both patterns are available in two colourways.

Made in Italy.
